E Training can be found by going to OneStart.

To access E Training:

1. Visit the OneStart portal:
2. Click the gold-colored Services Tab.
3. In the left column at the bottom, click E Training.
4. Click on the "Launch E Training" link.
   Your dashboard will appear. This page is where you may register for courses, view online courses, and manage your training records.
5. To choose a course, click on the Register for Courses box, where the blue puzzle pieces are shown.
6. Click on the University-Wide folder.
7. Click on the Environmental Health and Safety folder.
8. Click on the IUPUI & IUPUC folder.
9. From here, you may enroll in an online course.

For Online Courses

1. Click on the Online Training folder. You will see the icon of a computer monitor next to each course name.
2. Click on the desired course name.
3. A gray and white window will appear. Click the Enroll button.
4. Another gray and white window will appear to confirm your enrollment in the course. From here you may continue to select another online course, or you may launch your selected course immediately by clicking View Course.
5. If you do not take the course immediately, it will reside in your My Courses area so you may take training when time permits.
